

## Banner Residents and Fellows

**At the end of the day, this is where you want to STAY!**

You chose Banner Health to continue your training. Now it's time to experience the rewards of practicing within our large integrated health system. Banner Health offers you a financially stable environment, along with the resources & support you need to provide excellent patient care. Our dedication to physician well-being and development is unmatched in the industry. We have practice options in six western states, where we're the leader in every community we serve. With 30 hospitals, over 200 clinics, an academics division and several specialty entities, Banner Health provides comprehensive care while focusing on the patient – and Physician – experience. We're committed to addressing physician well-being by launching a multi-year strategy aimed at mitigating burnout and cultivating happiness in medicine. The rewards of practicing with Banner just got better!
